

## The Dimmer VIEW

BY MAX GOODWIN

The stretching for city adulthood of Lemon Grove is reaching the minds of interested persons many miles away.

One such is J. H. Van Winkle, of Oregon City, Oregon.

He says . . . "I protest on the matter of incorporation of Lemon Grove. Not that I am against incorporation. It is only because Lemon Grove is a silly name for a proud city. My choice is Lemonade. Now there, you have a distinctive, imaginative name, and one that will immediately upon announcement of incorporation, gain national and world fame as a community of blithe spirits, a name showing pride of community and a rambunctious atmosphere indicating better things for better people."

Because "Rip" Van Winkle is chairman of the Oregon State Game and Fish Commission as well as titular head of the Oregon City chamber of commerce in Oregon City, his words may (or may not) carry the weight of considerable cogitation.

If we do not follow the course being set by Mr. Van Winkle, this will no, I am certain, deter our readers from writing to him on fishing conditions and his bait recommendations for the cool clear waters of his fair state.

I like the criticism of newspapers offered by Anglo Scott, editor of the Iola (Kansas) Register. Scott, a recent winner of the William Allen White award for journalistic merit, says the best test for a newspaper's right to be in a community is whether it is shouting its beliefs or whispering them. Whether it is stirring the fires of controversy or warming its hand by them. Whether it is fighting the evils of our times or simply regretting them. And is it raising hell instead of raising its eyebrows.

The death of the Rt. Rev. Msgr. Richard R. Daniels was a sore loss to us. He was our friend and additionally, one of the most remarkable gentlemen we ever knew.

Falling in health for the past several years he nevertheless had become dedicated to starting from scratch the new Santa Sophia parish and the new Santa Sophia Catholic church in Casa de Oro.

As it is with many native San Diegans, Father Daniels loved the sea and spent many of his too few hours aboard a small cruiser in San Diego bay. We loved him because of his indomitable spirit and keen sense of humor. As it is with such men, we had a couple of standing jokes between us which became unusually revealing in his death. One was almost macabre in which he would complain of all things, of feeling well. He probably viewed an extended nonill period with forboding. It was, I suspect, his way of admitting well periods were few and far between.

The other was a sort of running gag we bantered about and had to do with the "s" in his name. Each time his parish was involved in a story, and it became necessary to confirm it with him we did this amid a pleasant exchange of badinage. We invariably came to the spelling of his name at which point we would ask, "plural?"

"Yes, I thought everyone knew (Continued on Page 5)

## CIVIC GROUP HEARS CITY PLAN BOOMED

**GIVE CITY TIPS**—Three newly-incorporated city mayors recently visited the Lemon Grove district to help give information on incorporation and results of the city drives in their own communities. Shown explaining details to local incorporation chairmen are, from left, T. Wayne Thompson, Bellflower; Demetrio A. Apodaca, Norwalk; and Ernest W. McCracken, Paramount, with Lemon Grove Incorporation Chairmen H. E. LeBaron and Louella Fellows. (Review Photo 1041)

The Lemon Grove civic committee for incorporation this week played host to a delegation of mayors and councilmen from several cities incorporated within the past year and one half. Led by Mayor Ernest W. McCracken of Paramount the group included Mayor T. Wayne Thompson of Bellflower, Mayor Demetrio A. Apodaca of Norwalk, Vice-mayor Leonard A. Delk of Norwalk and Councilman Roy E. Reynolds, former mayor from the city of Norwalk.

Purpose of the meeting with the civic committee was to acquaint local Lemon Grove directors with the numerous areas of work included in the current campaign for incorporation. Mayor Thompson from Bellflower, pointed out that "We have never had it so good." He was most enthusiastic. (Continued on Page 4)

## Burns Named To New Post

Dr. Robert Burns, owner of the Lemon Grove Veterinary hospital, has been named to the board of directors of the Lemon Grove chamber of commerce. He replaces William Paul, U.S. National Bank manager, who retired due to the pressure of business.

Dr. Burns is also president of the Lemon Grove swimming pool association, the group which raised \$3,000 last month for the community pool fund. He is also secretary-treasurer of the San Diego veterinary association and is active in cub scout and Kiwanis club work.

He was elected unanimously at the chamber meeting June 5.

## LG School Budget Boost Wins Okay

The Lemon Grove school board adopted a preliminary school budget of \$1,398,000 Monday night for the 1958-59 school year. Up \$152,000 from the year before, the increase represents the staffing and opening of the new San Altos school and an approximate 4½ percent increase in salary for the district's teachers and classified personnel.

The budget will be studied by the county school superintendent's office and it will be sent back to Lemon Grove for formal adoption prior to budget hearings the first week in August.

The board also approved a one-day work-shop trip for all board members to Claremont college July 19. A summer recreation program was studied and approved. Activities will be conducted at all schools except Golden avenue. The junior high playgrounds will house the Golden avenue activity. Additionally, a summer theatre program for students is being conducted by Keith Richards, at Vista La Mesa. Richards volunteered his time as a test program.

Trees will be removed and burned from the Morse property during the month, the board decided. In the fall of 1960 an elementary school will be built on the seven acre site. The Palm avenue school will then become a junior high school.

Paul Reynolds, school district business manager, said the increased budget would probably result in the school tax rate going up 12 cents to \$1.40. It is presently \$1.28.

## BOARD REJECTS PEOPLE'S PLEA FOR JUDGESHIP

**SAN DIEGO (CNS)**—Although backed up by an imposing contingent of attorneys and civic leaders, Judge R. Fenton Garfield, of El Cajon's Municipal court, failed Tuesday to persuade supervisors to take the Homeland Judicial away from San Diego and add it to El Cajon.

The best Judge Garfield could get from supervisors was the promise to send an urgent telegram to the state judicial council for a report it made on a court study in San Diego last year, with a reply to be made before next Tuesday's board meeting.

Principal reason for withholding action on Garfield's request designed to add a second judge immediately to the El Cajon court, was a letter received from another local judge, whose status would be affected by re-districting.

Supervisor Frank Gibson, in saying he was against "hurrying into any change," said he had just received a copy of a letter sent by Judge Luther N. Hussey and wanted to check into the statements made in the letter.

Judge Hussey attacked Garfield's plans for an expanded court in his letter to supervisors. Hussey, originally the justice in the Homeland Judicial district, became a municipal court judge when his district was made part of San Diego. He was elected overwhelmingly against two opponents on June 3, but his status would be in doubt should supervisors put the Homeland district in with the El Cajon district.

Hussey, a resident of the Homeland area, would have to move before he could run again. He might even have to move before he could take office for his new term at the beginning of 1959.

## TV SALUTE SET FOR LG FRIDAY

As part of the opening celebration of their new million-dollar broadcast city, KFSD-TV and radio will salute Lemon Grove on Friday this week.

The program will include on-the-air salutes on Channel 10 and KFSD radio with two special interviews. Ernie Newton, president of the Lemon Grove chamber of commerce and other local civic leaders will participate in an interview on listen to Loraine, 12:30 p.m. on KFSD radio. Another interview will follow on Channel 10's News and Previews program at 3 p.m. Friday.

## Administrator On Men's Club Slate

The Lemon Grove Men's Club gets off to a good start this week on its summer series of Friday noon programs by hearing a talk by T. M. Heggland, San Diego county chief administrative officer.

## Firemen Get Pay Increase

An increase of \$20 a month across-the-board in wages for Lemon Grove firemen was voted Tuesday night by the LG fire commission. They also voted to give the department an additional man. A fireman's wage committee had asked the board for \$25.

The board also approved a budget of \$82,711.26 which includes \$2,640 for increased pay and \$4,954 for a new man. Approval of increased pay and for added personnel becomes effective July 1.

Commissioner "Cap" Ruolo argued for a percentage increase but complained the department had too many officers. "You have only two workmen on the department," he told Chief Harold Hensley. "The rest are officers."

The commission said the added expenses would not change the tax rate from 56 cents, the same as the preceding year. Added funds will come from an estimated 15 percent increase in valuation in the fire district. Operational budget will be 53 cents. Bond redemption will be three cents.

## Two-Building Project Set

Two buildings will be erected at the southeast corner of Pacific and Olive streets it was announced this week by Ira and Julia Durham, owners of the property.

At the corner will be a 40x25 foot professional building to house the practice of Dr. Robert Swenson, local dentist. East of Dr. Swenson's location will be a 50x60 foot building into which the Lemon Grove public library will move. Both buildings will be ready for occupancy October 1.

Dr. Swenson's building will have three operating rooms with glass walls facing a landscaped patio. It will also have a waiting room, private office, nurse's lounge and a business office.

Durham said the two-building project represents an investment of approximately \$70,000.

**JOURNALIST**—Regina Stadler, daughter of Mr. and Mrs. Herbert Stadler of Lemon Grove and graduating Mt. Miguel senior, has been named winner of the Max Goodwin Journalism scholarship. She will study at San Diego State. (Review photo 1040).

## JOURNALISM STUDY AID GIVEN MIGUEL STUDENT

Regina Stadler, daughter of Mr. and Mrs. Herbert Stadler of 8166 Baldwin road, Lemon Grove, has been named recipient of the Max Goodwin Journalism scholarship, according to scholarship officials at Mt. Miguel.

She will receive \$150, \$100 of which will be earned by working at the Review, and \$50 which will be applied to the tuition of San Diego state college where she will major in journalism next year.

"We feel that this scholarship will be a new kind of experiment in the area of scholarship giving. This particular scholarship will be unique because it combines a grant of money with an opportunity to work at a good wage scale in the field of the person's major at state college. We are indebted to the publisher for his interest in helping young people to prepare for vocations in their chosen fields," said Melvin Grant, principal of Mount Miguel.

A senior at Miguel, Regina has been associate editor of the school's student publication El Trovador during the past school year. She placed fourth in the news writing division at San Diego state college journalism day, April 17. Regina and Judy Myers shared editing responsibilities for the production of El Trovador which won third place honors at the same event.

Regina will graduate this week. After college she plans a career in one of the allied fields of journalism or possibly teaching.

Others who competed for the scholarship are Nina Walton and Carol Burris.

## Gas Bills May Drop In Area

**SAN DIEGO (CNS)**—A break for users of gas and electricity in the Lemon Grove-Spring Valley area was proposed this week in hearings before the state public utilities commission.

In the hearing, which is on the San Diego Gas and Electric company's request for rate increases of about \$10,000,000, the PUC staff submitted a proposal to divide the area the company serves into four zones. Lemon Grove and Spring Valley would be in the zone where the lowest rates are charged.

The company's territory is now divided into two zones for electricity, one of incorporated communities and the other of unincorporated areas. Rates in the later are higher, accounting for the differences in charges between the Lemon Grove-Spring Valley area and the city of La Mesa.

San Diego Gas and Electric company's gas rates are now based on a four-zone schedule. Lemon Grove and Spring Valley are in zone four where rates are highest.

## Local Groups Give Grants To Students

Four Mt. Miguel high school seniors have received scholarships from local organizations to enable them to study in college. Mrs. Vela Gwin, senior counselor said this week. The recipients are Joanne Gapp, Barbara Proppe, Charles Gimber and Roger Herchenroeder.

## Vacation Mail Suggestion List Given By Postmaster

Summer vacation mail tips and suggestions to obtain better service were issued today by Lemon Grove Postmaster F. R. Faucher.

Be sure you have the correct address. Many resort areas in different parts of California have identical names, but the postal address for each one is different.

In past years, a large amount of mail to children in camps has been incompletely or improperly addressed and was not deliverable.

Don't let mail accumulate in your mailbox at home. An overflowing mailbox is tempting to mail thieves; it also indicates the house is empty and can be ransacked. Do give the post office forwarding instructions or arrange with a neighbor to keep your mail for you.

Be sure to check on the proper amount of postage. A vacation post card with the name and address of the resort printed on it will go through the mails at third-class postage rate even if it has an item like a bag of salt or ore or a pine cone attached. If the card isn't delivered—and it may not be if it lacks sufficient postage—the would-be receiver wonders why his vacationing friend ignored him and the vacationer thinks his friend is an ingrate for never acknowledging it.

Children out of school, especially the younger ones, should be given safety instructions so they will not expose themselves to the

p.m. there. The Most Rev. Charles Francis Buddy, who ordained Msgr. Daniels in St. Joseph's cathedral April 7, 1946, will conduct office of the dead services Thursday at 11 a.m. prior to requiem mass.

Msgr. Daniels became papal chamberlain in 1951 while serving as vice chancellor of the San Diego Diocese, a staff member of Bishop Buddy, and as diocesan counselor.

He was a native of Coronado, graduated from St. Augustine high school and attended Loyola university, Los Angeles, for two years before entering St. John's major seminary, Carmarill.

He is survived by three brothers, Alvin, George and Vincent, and four sisters, Mrs. W. C. Barker, Mrs. Fredrick Dicken, Mrs. Carl John Christoph and Mrs. John R. Russell, all of San Diego.

W. H. Parker, your Telephone Manager in La Mesa

## WHAT'S DOING

This young man's learning to climb a pole at a telephone "classroom in the sky." He'll get many hours of training, because there's a lot more to it than you might think. For instance, you have to make sure your right arm and leg move up at the same time. (Same with your left arm and leg). And you have to get the hang of the belts, the spikes, and all the other equipment. We have special schools not only for linemen but installers, operators, and many others. And with good, well-trained people on the job, you can be sure your service is in good hands.

**BE SURE TO SEE PACIFIC TELEPHONE'S LECTURE DEMONSTRATION, "AN ADVENTURE IN SOUND"** when you attend the San Diego County Fair to be held June 27-July 6. You will hear the sound of a jet boring a hole in the sky, of a train pulling into a station, of a thunderstorm unleashing its fury. A comparison will be made between Hi-Fi, Binaural and Stereophonic sound. Exhibited on a mammoth portable stage, the sound demonstration explores the progress of sound recording and reproduction during the past 80 years. It includes sound transcripts from Alexander Bell's first telephone call, Edison's "talking machine," the Gramophone, the wax disc and the modern juke box. Come see, hear, and enjoy "An Adventure in Sound."

### "The Greatest Good For The Patient"

Core of the Code of Chiropractic Ethics  
No profession has discharged its moral obligation to society with more conscientious care, nor served the public with more genuine altruism, than chiropractic.

The official code of the National Chiropractic Association is an open book for all to see. It is more than a rule . . . it is a noble document—a chart of conduct with ideals applicable for all humanity.

Simply state, it is "The greatest good for the patient."

Because Americans can freely choose ANY legalized healing method in this climate of freedom, the chiropractic ethics demand tolerance and respect for all legitimate healing professions. The moral outlook, conduct, and responsibilities of every Doctor of Chiropractic must be an integral part of his practice and everyday life. He must serve unselfishly and competently—with high standards keyed to the Golden Rule. No wonder that 35,000,000 Americans have availed themselves of chiropractic health services — 1 out of every 5 in the U.S.A. — a group double the population of Canada.

If there is particular information you want, write us or send for the book, "The Truth About Chiropractic."

● 500 Insurance Companies Recognize Chiropractic.  
● 1 out of EVERY 5 Americans Avail Themselves of Chiropractic Health Services.

The Ten Commandments, originally scheduled for one week at the Grove Theatre, will be held over another week, according to Don Dunham, theatre operator.

He said turnaway crowds Friday, Saturday and Sunday contributed to the decision. Originally scheduled to close Saturday, the picture will be screened thru Saturday June 21.

### Civic Group Hears Plans On LG City

(Continued)

lastic over new sources of revenue available to newly incorporated cities. "We now have close to \$750,000 in surplus and anticipate that we will raise this to more than a million dollars within the next year. We do not have any local property tax of any kind and do not anticipate the need for a property tax within the foreseeable future." Bellflower has 60,000 population and is located immediately north-east of Long Beach and between Paramount and Norwalk.

Mayor Ernest McCracken was equally enthusiastic about the newly acquired status of cityhood and the excellent financial position of his city of 25,000 people. "We are deeply grateful that our citizens had the foresight to incorporate our community," he said. "We have a 25 cent property tax, but we have absorbed 32 cents of special county district taxes which has resulted in a net savings of seven cents to our people. We too have about a half million in surplus money in the bank and look forward to helping reduce the tax load on local taxpayers still further."

In answer to a question from the directors as to whether incorporation will increase taxes, Mayor Demetrio Apodaca of Norwalk assured the Lemon Grove leaders that incorporation does not increase the tax load.

"You have heard these other mayors tell you of their fine financial picture," he said "In Norwalk we are in even better shape than either Paramount or Bellflower. Of course we have more than 80,000 people in our city, but this largeness carries with it some serious problems. We have planning matters which for more than ten years were coordinated by

**LEADING YANKEES**—The Lemon Grove Little League Yankees are following in the footsteps of their namesakes in the majors with a near-perfect record of 11 wins and only one loss in play thus far. Shown here are, back row, left is Eugene Eby, coach, and right, Robert Kreger, manager. Back row of players, from left, are Pete Selvig, David Burns, Randy Barry, David Mugg, and Eugene Eby. county officials, who looked upon our city as only a small part of a very large county. All planning they did was correlated with county matters and more often than not the result was very poor for the present new city. We are most happy that all local matters are now handled by our friends and neighboring townspeople and the theory of government by remote control is a thing of the past. Now when anyone has a problem we get immediate attention."

Vice-mayor Delk and Councilman Reynolds both spoke briefly on the grave danger to local traditions and local institutions from neighboring communities who would sooner or later gobble you up. "We faced this very problem," Reynolds said, "and we are still fighting for our very lives over territory immediately adjacent to us. A neighbor has tried to grab everything in sight and our life-line is at stake. You will either do as we did, incorporate or disappear forever in the skirts of your neighbors."

"As an attorney," vice-mayor Delk said, "I am constantly aware of the legal sterility of any community which tries to operate as county territory. You have your hands completely tied behind your backs and you are fair prey for any ambitious neighbor. They used to tell us during our several campaigns that you will loose your shirts . . . taxes will eat you up . . . don't you believe it. We have more money for our towns now than ever before in history. If this were not true, then why are more than ten areas in Southern California preparing to incorporate now, with nearly thirty new cities having been established in the last three years in this same area? Don't be misled by anyone who peddles this sort of nonsense, you will find that he or she is being used by a neighbor who wants your area for themselves." Delk went on to point out if areas were as poor as some would have the Lemon Grove people believe, it was odd these same "helpful information peddlers" were just waiting to take Lemon Grove under their protective wing.

Co-chairmen Louella Fellows and H. E. LeBarron presented Father O'Connell and Reverend Bartlett, both new members of the executive committee.

Musgrove, son of Mr. and Mrs. Maurice Musgrove, 1608 Primera street, Lemon Grove, has been named winner of a \$1200 La Verne Noys scholarship to the University of Chicago, it was reported this week. Musgrove, 16, is a Mt. Miguel junior, but will go on to the university now and finish his senior credits there.

**TROOPS 309 and 108**

"Only when you give it away do you find it" stated Dr. Wm. C. Rust at the Grossmont scout recognition dinner May 28.

Among those honored with special awards for their Scouting activities were Scoutmaster Ben Ela, Asst. Scoutmaster Bob Jones, Asst. Scoutmaster Cliff Gomes, and Committeeman Lee Barr of Troop 309; Scoutmaster Charles Taylor of Troop 108, and Institutional Representative, R. Dale Moore. These men each received the Scouts' Award which is given for having served three years as a registered adult Scouter.

Neighborhood Commissioner R. Heiserman received the Commissioner's Arrowhead Award for service and training, and the Scouters' Key, for having completed three years of leadership. Scoutmaster Ben Ela received the national camping award for Troop 309. This award is earned by a troop when over 50 percent of the registered boys complete more than ten days and nights of camping in a year. This is the same troop which has piled up \$1100 over a two year period through paper drives, spaghetti dinners, and a christmas tree lot. On Friday, 22 boys of Troop 309 will enter a chartered bus in front of the Congregational church and head for a week of camping in Yosemite.

there were two of us," was al-  
ways his straight-faced answer.

I think he may have subcon-  
sciously meant that one of him  
was sick to death of earthly ail-  
ments and one of him, when able,  
was striving desperately to com-  
plete the work he had so courage-  
ously taken on.

Father Daniels was a remark-  
able man.

A flurry of activity has come  
about since the accidental death of  
13-year-old Ronald Duncan, a ju-  
nior high school student. Young  
Duncan was struck by an auto as  
he darted from the brush along-  
side the railway right-of-way as  
he was scampering home from school.

The county road department im-  
mediately sent grades to scrape  
down the brush along the rail-  
road tracks. Monday, 23 call (part  
time) firemen and four deputy  
sheriff's men gave several hours  
of off-duty time to the burning of  
weeds along the road where the  
youngster died.

Parents in Monterey Heights  
and elsewhere are discussing with  
each other the measures of safety  
which might be taken to prevent  
such senseless deaths in the fu-  
ture. They will ask each other  
whether or not sidewalks might  
be built or whether traffic con-  
trols might be installed, or whe-  
ther other steps might be taken  
to safeguard our youngsters.

There will be those who will in-  
sist that nothing can be done,  
and probably will use the haz-  
ardous walking conditions along  
Sweetwater Road over which Mt.  
Miguel students must travel as a  
horrible example.

Let us tell you that traffic safe-  
ty for our youngsters can be ob-  
tained, but not unless enough  
parents want to do something  
about it.

We believe there is sufficient  
energy among determined local  
citizens to get reforms enforced in  
the deplorable walking-traffic con-  
ditions suffered by our school-age  
youngsters.

We further believe it can be  
done before summer vacation is  
over.

## GROUP SETS SILVER TEA AT CHURCH

On June 18 Wednesday from 2:30 to 4 the Lemon Grove Lutheran WMF is giving a silvert tea at the church. Decorations will follow the oriental motif, according to Mrs. Frank La Gamma, decorations chairman. Girls from the Luther league will be ushers, and child care will be provided.

A short musical program will feature the following groups: The cherub choir from the primary department, the junior choir, directed by Mrs. Wilbur Weimer, and the women's chorus from the senior choir.

There will also be numbers by a string trio: Suzanne Jorgensen and Karen McKinney, violinists, and Donna Ellis, cellist, accompanied by Davon Foster at the piano, and an organ and piano duet by Mrs. Robert Walker and Mrs. Larry Kelley, Mrs. Stanley Mauseth will give a reading.

☆ According to Today's Health, 21 flu epidemics have occurred since the 1918-1919 onslaught that produced the highest mortality. As a general rule, the death rate has gone down with each succeeding attack. Various reasons are believed responsible for that—better medical care, more effective drugs, and the development of a certain degree of immunity in individuals.
